PERU WITH MACHU PICCHU • DAY BY DAY

Larco Museum

Day 1 • Lima, Peru

Welcome to Peru, where sacred valleys, majestic ruins, ancient traditions, and warm hospitality await you. Fly into Jorge Chávez International Airport (LIM) in Lima, Peru. Transfer on your own using the official airport taxi service. Enjoy a two-night stay at your Lima hotel, located in the modern and walkable neighborhood of Miraflores. Rooms are available for check-in after 3:00 p.m. Dinner is on your own.

Day 2 • Historic Center, Larco Museum
Meals Breakfast, Dinner
Depart 8:00 a.m.

After breakfast, join Caravan for a 8:00 a.m. welcome briefing. Enjoy a morning visit to Lima's Historic Center, a UNESCO World Heritage site. Explore the Main Plaza. See the Palace of the Archbishop, the Government Palace, and the 16th century Cathedral. Then, see the Monasterio de San Francisco, celebrated for its Spanish Baroque style facade. Return to Miraflores. Lunch is on your own. Next, drive to Larco Museum. Discover a remarkable collection of pre-Columbian art and artifacts, displayed in a beautifully preserved colonial 18th-century mansion. Enjoy Dinner.

Day 3 • Fly to Cusco, Sacred Valley
Meals Breakfast, Dinner
Bags 8:00 a.m. **Depart** 9:00 a.m.

Fly today from Lima to Cusco. This flight is included in your Caravan tour price. You are allowed one carry-on and one checked piece of luggage. Lunch is on your own. Upon arrival in Cusco, drive to your hotel in the heart of the Sacred Valley for a three-night stay. The Sacred Valley is 9,120 feet above sea level. Enjoy dinner tonight.

Day 4 • Ollantaytambo, Moray, Chinchero
Meals Breakfast, Lunch
Depart 8:00 a.m.

Morning visit to Ollantaytambo. The town's irrigation and drainage systems, still in use today, were built in the 15th century. Visit the lively handicraft market. See the Inca fortification perched high on the hillside. Then, drive to Moray. Admire the circular stone terraces, once used by the Incas to improve their crop cultivation. Enjoy lunch. Next, visit a textile cooperative in Chinchero. See how alpaca wool is washed, dyed, spun, and weaved by hand. Free time to shop for these handwoven fabrics. Return to your hotel. Dinner is on your own.

Day 5 • Machu Picchu
Meals Breakfast, Lunch, Dinner
Depart 7:00 a.m.

Enjoy a scenic morning train ride to the ancient citadel of Machu Picchu, a UNESCO World Heritage Site. Visit Machu Picchu, the legendary "The Lost City of the Incas" and one of the New Seven Wonders of the World. During your two-and-a-half-hour visit, see the Temple of the Sun, the House of the Priest, and the Sacred Plaza. Enjoy a box lunch. In the late afternoon, return by train to your hotel in the Sacred Valley. Enjoy dinner.

Day 6 • Sacsayhuamán, Cusco
Meals Breakfast, Lunch
Bags 7:00 a.m. **Depart** 8:00 a.m.

Morning drive to Sacsayhuamán. Walk alongside the massive interlocking stone walls of this Inca fortress and ceremonial center. Enjoy lunch. Then, continue to Cusco, the Capital of the Inca Empire and a UNESCO World Heritage Site. See the Plaza de Armas and the Cathedral. Free time to explore the cobblestone streets, colonial architecture, and artisan shops of Cusco. Dinner is on your own. Cusco is at 11,150 feet above sea level. Your JW Marriott room is equipped with supplemental oxygen to enhance your comfort at this high altitude.

Day 7 • Fly to Lima, Miraflores Lima
Meals Breakfast, Dinner
Bags 7:00 a.m. **Depart** 8:00 a.m.

Fly today from Cusco to Lima. This flight is included in your Caravan tour price. You are allowed one carry-on and one checked piece of luggage. Lunch is on your own. Upon arriving in Lima, enjoy a scenic drive along the revitalized waterfront. Enjoy a farewell dinner tonight.

Day 8 • Lima
Meals Breakfast

Your tour ends this morning at your hotel in Lima. Breakfast is included beginning at 6:30 a.m. Caravan includes departure transfers on the day the tour ends from your hotel to Jorge Chávez International Airport (LIM) in Lima, Peru, arriving at 5:30 a.m., 8:00 a.m., and 11:00 a.m. If you wish to go at a different time or extend your stay in Peru, you will need to transfer on your own at your own expense. Thanks for vacationing with Caravan. ¡Muchas Gracias!

Welcome to your Caravan Adventure!

We hope you find this information useful in planning your adventure. It can be helpful to be prepared in advance for some differences in the travel experience outside of the United States. You may find, especially in smaller communities, that plumbing, heating, ventilation, utility and telecommunication infrastructures are not as reliable as we have come to expect back home. This can mean hot water is not always available or that air conditioning may not work as efficiently as we would like. Our vendors are continually working to upgrade facilities but they themselves are often limited by local conservation initiatives and the existing public infrastructure. You may also see a difference in attitudes toward maintenance of public and private spaces. Please be alert to your surroundings. You may find that sidewalk potholes are not filled in or roped off, or that slippery surfaces have no warnings posted. Beaches and hotel pools are rarely patrolled by lifeguards, so please exercise caution and personally supervise your children. Differences in climate and land use often translate to different staple foods and flavors. Even familiar foods may taste different as a result of varied farming and grazing practices. Please be cautious around any animals and birds, domestic or exotic. They have become accustomed to human company but may still bite or scratch if approached. It is also not unusual to have insects or lizards visit your room, especially in park or beach areas. If you have any concerns, please let us know. We want your vacation to be a memorable adventure in the best possible way!

Arrival Transfers

Transfer on your own from the Jorge Chávez International Airport (LIM) to Marriott Courtyard Miraflores (Calle Schell 400, Miraflores) in Lima. Once you have exited customs and collected your baggage at the airport, proceed to the counters for official taxi companies such as Taxi Seguro and Green Taxi. Here you can request your taxi. You can book and pay at the counter before exiting the terminal. The driving time from the airport to your hotel, Marriott Courtyard Miraflores, is approximately 30 - 60 minutes depending on traffic. You can pay using U.S. Dollars, Peruvian Soles, or with a credit card. Taxi fares range from 90 - 130 Peruvian Soles, or $25 - $35 U.S. Dollars plus tip. ATMs and a currency exchange are available at the airport. When you arrive at your hotel, please identify yourself as a Caravan tour member to the front desk personnel.

Departure Transfers

Caravan includes fixed departure transfers from your hotel to Jorge Chávez International Airport (LIM), scheduled to arrive at 5:30 a.m., 8:00 a.m., and 11:00 a.m. These transfers are only available at these set times on the day the tour ends. If you extend your stay in Peru or if you wish to go at a different time, you will need to transfer on your own, at your own expense. Please ask the hotel bellman to arrange a taxi. Fares are approximately $25 - $35 U.S. Dollars per taxi, plus tip. The driving time from the hotel to the airport is approximately 30 - 60 minutes depending on traffic.

International Travel with Minors

If you are travelling with children under 18 years old without both parents or legal guardians, carry a notarized letter of authorization signed by the missing parent(s) or guardian(s). A notarized birth certificate showing only one parent, a parent's death certificate, or a court order of child custody may also be permissible. Failure to have proper documentation could result in denial of boarding by the airline, due to international child protection laws.

Passport & Visas

To enter Peru, U.S. citizens must have a current U.S. passport valid for six months after your date of entry. A valid passport is a passport that is not about to expire, has empty pages with room for entry/exit stamps, and is free from excess rips or wear & tear. Travellers with a history of criminal convictions should check with the Peruvian Consulate as some countries restrict entry to travellers with past criminal records. Non U.S. citizens, please check passport and visa requirements.

Passport Information

In compliance with local regulations for visiting Machu Picchu, all guests are required to provide their passport information to Caravan no later than 120 days before the tour begins. Please enter your information carefully as all guest names must exactly match passports to board the flight to Cusco and to visit Macchu Picchu. If you receive a new passport after submitting your passport number to Caravan (i.e., if you've replaced or renewed your passport) you must bring both passports to Peru, as entrance to Macchu Picchu is strictly controlled via submitted passport numbers.

Altitude Awareness

Your vacation starts and ends at sea level in Lima, Peru. However, your tour overnights at high elevations in the Andes. If you have breathing or heart issues, please consult with your healthcare professional to see if you can safely take this tour. The tour stays three nights in the Sacred Valley at an overnight elevation of 9,420 feet and one night in Cusco at an overnight elevation of 11,150 feet. Your hotel in Cusco, the JW Marriott Convento Cusco, provides enriched oxygen to each guest room and offers additional supplemental oxygen upon request.

Caravan Travel Protection

Purchasing travel insurance can save you tens of thousand of dollars should the unexpected happen. Please keep in mind that most medical travel policies, including Caravan Travel Protection, offer secondary medical coverage. In other words, the insurance will reimburse you for costs not covered by your primary medical insurance policy. In most cases, this does mean you will have to pay the hospital or doctor directly for your medical treatment and submit your claim for reimbursement on your return. Coverage for injuries or illness on tour generally requires a doctor visit while on tour as well. If you elect not to purchase a travel insurance plan (either from Caravan or an independent policy), please verify your existing medical coverage as many policies (including Medicare) do not include coverage for treatment outside the USA. If you need to cancel all or part of your reservation, please notify Caravan as soon as possible at 800-227-2826 or 312-321-9800 outside the US & Canada. You must cancel any flight arrangements directly with your airline. Any additional travel arrangements must also be cancelled with the providers directly. Any claim under Caravan Travel Protection for flight costs should be directed to the insurance company, RoamRight at 866 -892-2382 or (outside the US & Canada) 201-537-9871. Please note, Caravan Travel Protection does not cover an upgrade to a single room in the event a roommate cancels.

Caravan Travel Protection Coverage

Caravan Travel Protection includes cancellation of your tour for any reason. This Plan also includes coverage for air arrangements for covered reasons (as specified in the Description of Coverage)*, $50,000 Medical Expense*; $150,000 Emergency Evacuation or Repatriation*; $2,500 Travel Delay (maximum of $200 per day)*; $1,000 Baggage & Personal Effects and $300 Baggage Delay*; 24 hour global travel assistance for medical and legal emergencies.* * Coverage is provided by RoamRight, underwritten by Arch Insurance Company. For more information please see: www.caravan.com/page/terms-of-travel A Description of Coverage which fully details the coverages, provisions, reductions, limitations, exclusions, and termination provisions is available at: https://partner.roamright.com/description-of-coverage?agencycode=caravan

Cell Phone Use

As a courtesy to your fellow tour members, please restrict cell phone conversations to emergency use only while you are on the motorcoach. Please also remember to turn off your ringers; cell phone conversations and ringers are intrusive and can spoil other passengers' enjoyment of the tour. Outside the USA, using your USA-based cell phone can often result in very high roaming charges for voice and data. Most companies will allow you to add a temporary international data and/or voice plan to cover calls made from abroad. Please contact your service provider directly for information regarding cell phone reception areas, calling costs and international plans.

Contacting You While on Tour

Caravan does not recommend having mail sent to you on tour as delivery is unreliable and mail often fails to arrive. Caravan has sent you a hotel address list which includes the hotel telephone number for your friends and family. In addition, all hotels have internet access for a fee. In an emergency, if a caller cannot reach a Caravan guest at a hotel, please contact Caravan directly at 1 -800-227-2826. If the office is closed, you will have an opportunity to speak with an emergency operator who can connect you with a Caravan staff member on duty. Caravan will do its best to assist in relaying an emergency message. We also ask callers to continue to try to reach their traveler independently.

Currency

The currency in Peru is the Sol (PEN). The current exchange rate, as of Nov 15, 2025, is $1 USD to $3.35 Soles. Credit cards are widely accepted as payment. Some vendors may be willing to accept US Dollars as payment, but most will prefer Soles or a credit card. You can exchange US Dollars for Soles at a currency exchange located in the Lima airport, or use an ATM. Travellers cheques are very difficult to cash and are not recommended.

Drinking Water in Peru

Caravan provides unlimited bottled water on the motorcoach. Clients are welcome to take bottled water with them to their rooms or with meals (no need to take more than you need in the moment, your Tour Director & Driver will ensure an adequate supply for the whole tour). Purified water may be offered in some locations, however Caravan cannot guarantee the safety or rigorousness of the purification process. Please limit yourself to bottled water. Caravan recommends using bottled water to brush your teeth, avoiding ice in your drinks, and avoiding street food vendors.

Electrical Current

You may need an adaptor for any plug in devices devices in Peru. The standard voltage in Peru is 220V, instead of 110V in the US. Many electronics can operate on 110V and 220V. Your appliance's voltage level is indicated on its power label, for safety reasons, it is recommended to follow the manufacturer's voltage guidelines. Although hotels in Peru often have different suitable outlets, we suggest you come with an adapter in case of an unplanned situation, and check the voltage labels on any plug in devices.

Fitness to Travel

Caravan can make no determination of your physical, mental or emotional fitness to travel nor guarantee your successful ability to manage a tour. If in doubt please consult your Doctor. While every tour is different in landscape and activities, all tours include some walking every day. All tours include travel by motorcoach, participants should expect to climb on and off the motorcoach several times a day. The average temperature, humidity level and altitude should also be taken into account when considering whether a Caravan Tour is right for you.

Fitness to Travel - Companion

If you need assistance with any personal care; including walking or wheelchair pushing, you must bring a companion to assist you. Caravan's driver, tour directors and tour members cannot offer this assistance. Caravan's tour directors must take care of a large group of other tour members and cannot offer any special supervision or monitoring of clients. Companions to travelers with cognitive difficulties should keep in mind that multi-day itineraries with rapidly changing environments can increase anxiety and distress. We recommend you review the itinerary with a doctor prior to travel.

Flashlight

We suggest you bring a good flashlight (or a smart phone with a flashlight app) and keep it by your bedside at night.

Flight to and from Cusco

Your tour includes a roundtrip flight between Lima and Cusco. These flights (arranged by Caravan) will be on LATAM Airlines, one of the biggest airlines in South America. Caravan must collect your passport number and expiration date prior to the start of the tour to confirm these flights. Your Tour Director will advise the exact departure times for each flight. Each ticket includes one checked bag and one carryon bag per person. The cost to check any additional bags must be paid directly to LATAM.

For Your Security

A practical suggestion before you leave home: make a list of all your credit cards, passport and airline confirmation numbers, or take a photo with your smart phone.

Hotel Incidental Charges

Many hotels require a credit card upon check in to secure incidentals, minibar or restaurant charges. If you make any telephone calls from your hotel room or incur any extra room charges (i.e. drinks or in-room movie charges), please be sure to pay the hotel for your incidental charges before you leave. Caravan will forward any unpaid incidental invoices.

Insect Bites

Mosquitoes and "no-see-ums" are sometimes present at dusk and in the evenings. While the majority of bites are mere annoyances, certain insects can transmit illness. Lightweight long sleeve pants and shirts can help prevent bites, but the most effective defense is insect repellant. There are a variety of effective repellants available for purchase. Traditional repellants use DEET as the effective ingredient. Other more "natural" repellants include mixtures of essential oils like lemon grass, citronella or oregano. Oil based repellants are often available at health food stores or grocery stores. Out of courtesy to your fellow passengers, please refrain from applying insect repellent until you have disembarked from the motorcoach.

Local Wildlife

Please keep your distance from local wildlife. Even animals that appear tame or domesticated (like Alpacas) can still bite or startle if you get too close. Caravan does not recommend that you pet or feed any animals you may encounter.

Lost and Left Behind Items

Before leaving any hotel or motorcoach, please check that you have not left any personal belongings behind. Hotels and motor coach companies have a very high lost & found volume and items are often discarded quite quickly. If located, international customs and shipping charges often exceed $100 for even a small item. If your item is found, please allow several days before the item is prepared for shipping. Lost cash is not covered by most insurance plans and many insurance plans cap coverage for expensive items such as jewelry and electronics. Most travel insurance plans offer secondary coverage, directing travelers first to claim on homeowners or renters insurance policies.

Luggage

All handling of one piece of luggage, per person, is included in your tour cost. Most airlines limit luggage to 60 linear inches (width plus depth plus length) and 50 pounds in weight. A second piece of luggage may be stored under the coach, but an additional $30 per piece service charge will be collected by your Tour Director to cover the handling of this extra luggage. A day bag (i.e. a backpack, camera bag or tote bag) may be personally carried on board the motorcoach in addition to a purse or handbag. Each tour member is personally responsible for handling his or her individual day bag at all times. If a tour member cannot personally handle his or her day bag without assistance, it will be stored under the bus and the additional luggage fee will be charged. For the comfort and safety of all tour members, wheeled bags are not acceptable as a carry-on day bag, and will be stored under the coach and counted as additional luggage. Unlike an airplane, the motorcoach does not have sufficient room to store this type of luggage in the passenger area.

Luggage Tags

At the start of the tour, your Tour Director will distribute luggage tags to help with the handling of your luggage by your Driver and hotel bell staff. Please place the Caravan luggage tag on your main piece of luggage, which will be stored in the baggage compartment of the motorcoach. Please do not place the tag on your day bag carry-on.

Medical Matters - Before You Leave

Another “before you leave” reminder: If you regularly take medicine, be sure that you bring along an adequate supply to last the whole trip. Please keep a second supply of essential medication in your carry-on bag or in your purse as insurance if your baggage is misplaced or delayed. If you wear glasses, a second pair, or a prescription from your eye doctor, is recommended for emergencies. If you use needles or other sharp disposable instruments, please be sure to bring along a sharps disposal container. If you do not have one, please ask your tour director if your hotel can supply one. Please do exercise special care when disposing of these items. Smaller items such as blood lancets can easily be lost and can injure housekeeping staff. A mandatory Yellow Fever vaccination may be required if you have recently visited an affected country. Please call your airline or the consulate in question if in doubt. At the time of printing, the USA and Canada are not on any affected list. Caravan does not have any doctors on staff and cannot give medical advice, so please consult your doctor at your earliest opportunity if you have any concerns. All travelers, especially those with blood sugar related conditions, may wish to take along a small supply of snacks. Very occasionally the tour might experience a delay, causing the next mealtime to be delayed. Please be sure to let your Tour Director know if you have any medical condition that may require special attention. The information you give your Tour Director will be treated confidentially.

Medical Matters - Staying Healthy
Not all travel illnesses are transmitted through food and water, there are various highly contagious strains of "stomach flu" that are easily transmitted by person-to-person contact. The viruses and bacteria can survive on a hard surface for several days and once an outbreak is underway, it is very difficult to extinguish. Health authorities are agreed that the best way to avoid getting sick is to pay close attention to hand washing. Frequent cleansing, beyond one's usual regimen, can help minimize exposure to sickness that might otherwise spoil your tour. Please take along a good supply of moist towelettes and/or hand sanitizer for times when soap and water hand-washing facilities are not available. Some travelers have found products such as Immodium or Peaceful Mountain's Stomach Rescue to be very helpful for stomach problems. Caravan makes every effort to minimize the possibility of tour members becoming sick during their tour, but we cannot offer any refunds to clients who become sick during a tour (except where provided by our Caravan Travel Protection). We recommend that you bring a small first aid kit—medications may be hard to find when you need them most for headaches, stomach upsets, diarrhea, insect bites, motion sickness and sunburn. It's wise to pack plenty of wet wipes and hand sanitizer. Mosquitos are prevalent in the region and we recommend you bring a supply of mosquito repellent. Don't forget a good supply of disposable plastic grocery bags, which are very handy for personal trash disposal and temporary storage of wet clothes or swim wear.

Medical Matters - Travel Insurance
An unexpected hospital stay or emergency evacuation can run into the tens of thousands of dollars. Please verify your medical coverage before leaving home, because many health insurance policies (including Medicare) do not cover policy holders for treatment outside the USA. Non-USA residents may also find they have no medical coverage when touring in the USA. Short term travel medical coverage policies can be purchased from a number of sources prior to departure, including Caravan (see Caravan's $129 Travel Protection). Most forms of travel insurance offer secondary coverage, meaning you pay the provider directly and seek reimbursement on your return home. Some travel insurance plans have exclusions on pre-existing conditions. Some plans restrict cancellation coverage to specified medical conditions. And some charge more based on age or destination. Read your description of coverage carefully!

Motorcoach Safety and Restroom
While Caravan coach drivers are renowned for their friendliness, for your safety and the safety of your fellow travelers, please refrain from conversing with your coach driver while he/she is driving, so their full attention can be on the road ahead. The motorcoach restroom is provided for your comfort, and should always be unlocked and available, although it is recommended just for emergencies and necessity. We understand that everyone's needs are different. If you have a special bathroom/medical need, you can always talk with your Tour Director privately. They will keep any information confidential and help you manage any special needs while you are on tour. For your safety, please try to avoid using the restroom while the motorcoach is moving unless necessary. The coach driver may need to make a sudden stop or navigate a curve without any warning. While the bus is moving, it can be hazardous to walk down the aisle of the bus or to use the bathroom. Please be extremely careful if you must do so. Please note that if you move about the motorcoach or use the restroom while the motorcoach is moving, you do so at your own risk. While the motorcoach is parked, restrooms outside of the motorcoach are recommended, if comfortably available.

Options
Caravan does not recommend or endorse any options that are not already included in your tour price. Please be advised that any additional options you purchase, you do so at your own risk, and they may not be covered by travel insurance.

Recording Devices
Should you plan to use a tape recorder, video recorder, camcorder, cell phone or other recording device while on tour, please be sure to ask the permission of any guides or your Tour Director before recording. You may find that some guides object to having their comments recorded, or they may be guiding you through a place which forbids the use of recorders. So please, always ask first.

Seat Rotation

To ensure fair and equitable seating for all members of the tour, seating is usually rotated once or twice a day in a clockwise direction. Your Tour Director will advise you of their procedure. We regret we cannot fulfill any requests for a front seat for passengers, even when medically recommended. Please contact Caravan as soon as possible if you have any special needs, to discuss other options. Single travellers should expect to have a "seat companion" on the motorcoach (i.e. there will probably be another tour member seated next to you). Larger groups of travellers may be temporarily separated as the group rotates around the coach. We recommend that families or groups who want to stay together in the seat rotation either sit in front of or behind each other, and not across the aisle from each other. Please note that Caravan reserves the two seats on the motorcoach behind the driver for the tour director.

Single Rooms

As shown on the General Information page of the Caravan brochure, a limited number of single rooms are available on all tours at the single room charge shown on individual itinerary pages. Single travellers should expect to have a "seat companion" on the motorcoach.

Special Diets

While Caravan will make every effort to communicate specific dietary requests to the hotels and restaurants on tour, we cannot guarantee these requests will be honored. Most of the meals provided in Latin America are buffet style, which we have found allows for maximum flexibility for our tour members. Your Caravan Tour Director will be happy to talk with the various kitchens to determine how (and with what ingredients) dishes have been cooked, but please keep in mind that variety may be limited, especially in remote areas, including for vegetarian requests. For tour members concerned about cross-contamination for vegetarian, Kosher or gluten free diets or for passengers with food allergies or sensitivities, Caravan cannot guarantee food will be prepared free from certain ingredients (i.e. nuts, animal fats, wheat, dairy etc.). For most destinations, meals typical to the region will be served. Included meals are usually local or continental and are never Indian or other specialty Asian cuisine. In certain countries and regions it may be difficult to find Indian or vegetarian meals.

Sun Protection

The sun in Central and South America can be quite strong, especially if you are not used to a tropical environment. To protect yourself from sunburn, heatstroke or sun poisoning; consider wearing sunglasses, a wide brimmed hat and loose clothing while out in the sun. Use a generous application of sunscreen to protect from UVA & UVB rays, and drink plenty of water to stay hydrated.

Tipping Suggestions

Tips to the Tour Director, Driver and hotel maids are not included. We do not include these tips in the price of the tour as we realize, in an unsupervised work environment, tips provide a strong incentive for exceptional service. Most tour members compute these tips by allowing a certain amount per day based on the service they have received. For example, US $8 to US $15 per traveler per day for the Tour Director and US $7 to US $12 per traveler per day for the Driver, if you feel that service has been superior, you may wish to leave a more generous tip. These tips should be handed directly to the Tour Director and Driver on an individual basis. As tips are a personal matter, we request that no group collections be made. Personal checks are difficult for Tour Directors and Drivers to deposit - cash is best! Tips to water craft personnel, waiters, porters and bellmen are also included in the tour price. Tips to airport porters on flights not arranged by Caravan are at your own discretion.

Tour Commentary

Your tour director may add considerable commentary during your time on the motorcoach. If you prefer quiet time, you might want to pack a comfortable pair of ear plugs or headphones and a restful eye mask. Please be mindful of others when talking with your companions while the tour director is speaking. Even low volume conversations can make it hard for others to hear the commentary.

Travel Vaccines
At the time of printing, no vaccines are required to enter Peru from the US or Canada. The CDC recommends that all travelers stay up to date on all routine vaccinations and consult with your personal physician if you have any questions or specific health concerns. The CDC has extensive information on their website https://wwwnc.cdc.gov/travel/destinations/list, or you may call them at 800-232-4636. In some cases these vaccines must be administered at least 1-2 weeks before travel. Please call your airline or the consulate in question if in doubt. Caravan does not have any doctors on staff and cannot give medical advice, so please consult your doctor at your earliest opportunity if you have any concerns.

Triple Rooms
Triple rooms offer two double or queen beds. Cots and rollaways are not available and local fire code regulations often limit the number of beds in a room.

Your Feedback
We ask your kind cooperation in sending us your feedback after your tour ends. A few days after your tour ends, you will receive a questionnaire via email. If you prefer, you may also e-mail us at: surveys@caravan.com or or write to us at Caravan Tours, Inc., 303 E Main St, Barrington, IL 60010. The information gleaned from these has been most helpful in maintaining the quality of our offerings to the traveling public. While we sometimes share comments with the Tour Directors, we always do so anonymously. Please include your full name(s) and either your tour number or your tour name and departure date.
