These schedule changes are often a pain and this one really is a pain. Having considered a lot of different options, my suggestion is to keep your existing LATAM flight LIM to MIA and drop Qatar completely for the return leg.

Turkish have a flight

TK78 Departs MIA 11.30pm - arrive IST 6.00pm 1hr 55m connection in IST

TK64 Departs IST 7.55pm - arrives BKK 8.50 am the next day.

Current pricing for this Turkish option is

23:30

MIA

Miami

IST

08:50

BKK

Bangkok

+2 days

itinerary details

Total travel duration 22h 20m Aircraft type: Boeing 777-300ER - Wide-body

Business

Per passenger

USD 5,768²⁰

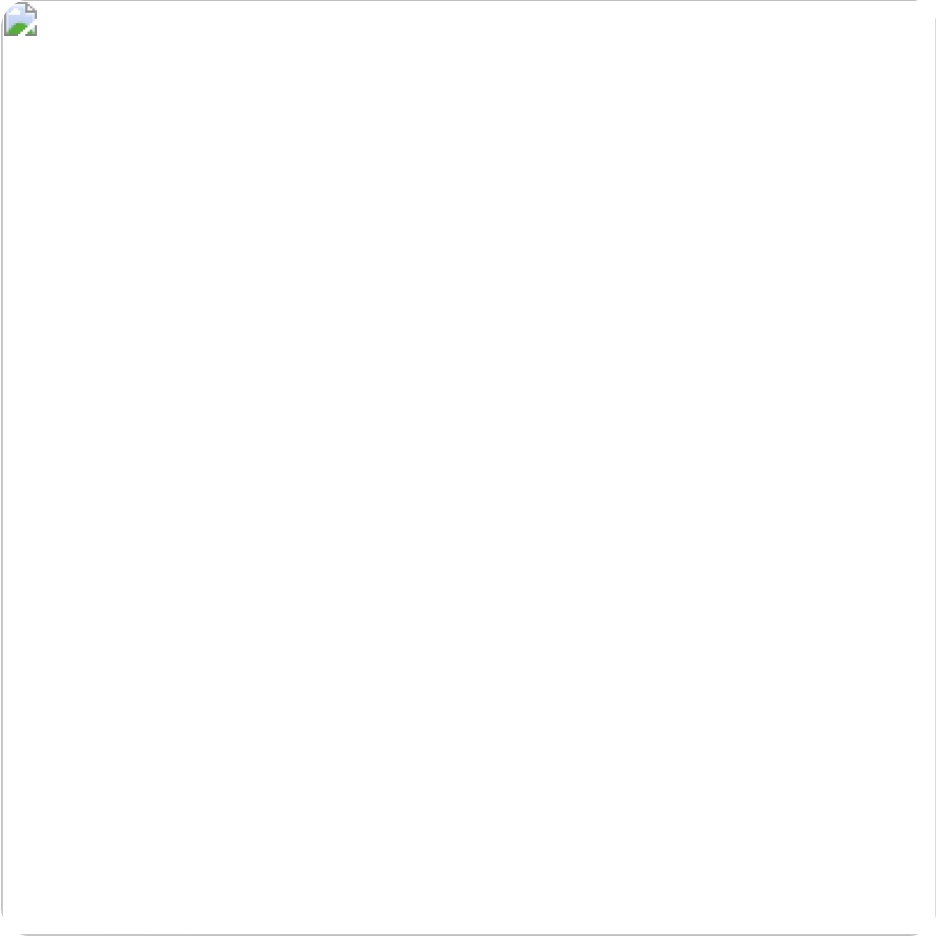

My understanding is that Turkish Business is pretty decent, with very good food! A key is going to be how much you can recover in refund from Qatar.

Well, we got a bit of a problem here. It looks like the returning flight from Miami to Bangkok has been pushed back. And I just checked my other flight, and that lands at about 20:35 into MIA. So it looks like we're gonna need to think about the options. Let me know your thoughts.
